Access Privileges

This section is where the Group designates what access the broker has for billing functions.

Note: Unless you give your broker access, they will only be able to **view enrollment**. They can't help you with management tasks.

- If you want your broker to transact, edit payments or other options, you'll need to give them access at the **Group level**.
- Only you, as the **Group Administrator**, can grant this access.
- Changes are delivered in **real time**.

First, click on the *Billing Functions* tab if it is not already selected.

To change access privileges, click *Edit* at the bottom of the page.
