## Connecting with your Health Care

Health Net members have new options for managing your dental records. New California laws make it easier for members to get their health records when they need it most. You now have full access to your dental records on your mobile devices through a secure application. This lets you manage your health better and know what resources are available.

Health Net members can also ask for your dental records to go with you when you switch health plans. If a member switched health plans, Health Net will send your clinical records to another health plan. This gives you the ability to build a complete health record to help you make decisions to improve the quality of your care and health outcomes.

For more information about this process, or on how to keep your personal health information safe, please visit the Health Net website at [Connecting You Healthcare: New Options for Managing Your Digital Medical Records](#).

You can also visit the [My Health Application website](#) for a list of applications that meet the standard security practices to locate an app to download to your smartphone to create a new account for the management of your electronic medical records.

If you believe that Health Net or a business associate violated your (or someone else's) health information privacy rights or committed another type of violation of the Privacy, Security, or Breach Notification Rules, you have the right to file a complaint with the Office of Civil Rights (OCR).

You can file a complaint online with the OCR at [OCR Complaint Portal](#) for faster processing, or you can send your complaint in writing to:

- Email: [OCRComplaints@hhs.gov](mailto:OCRComplaints@hhs.gov)
- Mail: Centralized Case Management Operations  
U.S. Department of Health and Human Services  
200 Independence Avenue, S.W.  
Room 509F HHH Building  
Washington, D.C. 20201

Complaints must be filed with the OCR within 180 days of when the action took place that led to the complaint. OCR may extend the 180 day filing period if you can show "good cause" of why you were delayed.

For more information on how to file a health information privacy or security complaint please visit the U.S. Department of Health and Human Services website at [HHS Complaint Process](#).

You can also file a complaint with the Federal Trade Commission Bureau of Consumer Protections. For more information, please visit [FTC Bureau of Consumer Protection](#).

## 2. About your dental plan

### Dental plan overview

Health Net is a dental plan for people who have Medi-Cal in Sacramento County. We work with the State of California to help you get the dental care you need.

You may talk with one of our Member Services Representatives to learn more about the dental plan and how to make it work for you. Call 1-877-550-3868 (TTY 711).

### When your coverage starts and ends

When you enroll in Health Net, you will receive a Health Net Member ID card within 7 calendar days of enrollment. Please show the Medi-Cal Benefits Identification Card (BIC) and your Health Net Member ID card every time you go for any dental services. The Health Net Member ID card is proof that you are enrolled with Health Net.

Your Medi-Cal coverage will need to be renewed every year. The local county human services office will send you a Medi-Cal renewal form. Complete this form and return it to your local county human services agency. You can return your information online, in person, by phone, or other electronic means if available in your county.

You must see the dentist listed on your ID card. If you did not choose a Dentist when you enrolled, a dentist will be assigned to you. You call 1-877-550-3868 (TTY 711) to choose a different dentist. Your Primary Care Dentist's name and telephone number are on your ID card.

You may ask to end your Health Net coverage and choose another dental plan at any time. For help choosing a new plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077). Or visit <http://www.healthcareoptions.dhcs.ca.gov>.

You can also ask to end your Medi-Cal. You must follow DHCS procedures if you ask to end your coverage. Sometimes Health Net can no longer serve you. Health Net must end your coverage if:

- You move out of the county or are in prison
- You no longer have Medi-Cal
- You request to be disenrolled from Health Net. You qualify for certain waiver programs
- You need a major organ transplant (excluding kidneys)

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

- You become enrolled with a commercial dental plan
- You let someone else use your dental benefits

### Special considerations for American Indians in managed care

If you are American Indian, you have the right to not enroll in a Medi-Cal managed care dental plan. If you have been enrolled in Health Net, you can ask to leave at any time. If you leave Health Net, you will get your dental care from Medi-Cal Dental Fee-for-Service. You can also get dental care at an Indian Health Service Division of Oral Health site. You may also stay with or disenroll from Health Net while getting dental services from these locations. For information on enrollment and disenrollment call 1-877-550-3868 (TTY 711).

## 14 | About your dental plan

If you want to leave Health Net sooner, you may ask Health Care Options for an expedited (fast) disenrollment. If the reason for your request meets the rules for expedited disenrollment, you will get a letter to tell you that you are disenrolled. Members who can request expedited disenrollment include, but are not limited to, children receiving services under the Foster Care or Adoption Assistance programs, members with special health care needs, and members already enrolled in Medicare or another Medi-Cal or commercial managed care plan.

You may qualify for an expedited disenrollment if you meet the following:

- The eligible member has not their used benefits under your dental plan, which Health Net is required to pay, during the month of which disenrollment is requested
- Disenrollment of eligible members for one of the following reasons, requires supporting documentation:
  - The member is an American Indian, a member of an American Indian household, or chooses to receive dental services through an IHS and has written acceptance from the IHS facility for care on a fee-for-service basis
  - The member is receiving services under the Foster Care or Adoption Assistance Program or has been placed in the care of Child Protective Services. The disenrollment request must be submitted by the authorized foster parent, the authorized adoptive parent, or the licensed agency providing protective services

## Continuity of care

As a member of Health Net, you will get your dental care from providers in Health Net network. If you now see dentists who are not in the Health Net network, you may be able to keep seeing them for up to 12 months. If your dentists do not join our network by the end of 12 months, you will need to switch to dentists in the Health Net network.

To qualify for Continuity of care you must have an existing relationship with the out-of-network dentist. The out-of-network dentist must provide records supporting that you have completed at least one non-emergency appointment during the 12 months before the date of initial enrollment with Health Net.

You can ask for Continuity of Care if you are in active treatment for covered services or have an active pre-approval for covered services. Members who have the following documented conditions, listed under California law, also qualify for Continuity of care, upon request:

- Newborn care between birth to 36 months
- Pregnancy and Postpartum care
- Serious chronic or acute conditions
- Surgery scheduled within 180 days of the termination or effective date of coverage
- Terminal Illness

Health Net will notify you when we receive your request for Continuity of Care, the date the request was received, and the timeframe for the Plan to make decision, by telephone call, text message, email or written letter.

Health Net will review and complete your request for Continuity of Care within the following timeframes:

- Urgent requests - as soon as your condition requires but no longer than 3 calendar days from the date received.
- Immediate attention requests - as soon as your condition requires but no longer than 15 calendar days from the date received.
- Non-urgent requests - as soon as your condition requires but no longer than 30 calendar days from the date received.

Health Net will send you a letter letting you know if we approved or denied your request for Continuity of Care:

- Denied requests – will include a reason for our decision and your right to file a grievance or appeal. For more information on the grievance and appeals process, see Chapter 6 of this Member Handbook.
- Approved requests – will include a reason for our decision, the time period the Continuity of Care will be active, the process that takes place after the Continuity of Care period ends, and your right to choose a

different in-network dentist

### **Continuity of Care Restart Period**

If you change your managed care dental plan after initial enrollment or if you lose and later recover your Medi-Cal eligibility during the 12 month Continuity of Care period, the Continuity of Care period may start over one time.

If you change your managed care dental plan or if you lost then recovered eligibility a second time (or more), the Continuity of Care period will not start over and you will not have the right to a new 12 months of Continuity of Care.

If you return to Medi-Cal FFS, if applicable, and later re-enrollee in a managed care plan, the Continuity of Care period will not start over.

### **College students who move to a new county or out of California**

Emergency services and urgent care are available to all Medi-Cal members statewide regardless of county of residence. As long as you are eligible, Medi-Cal will cover emergency services and urgent care in another state. Medi-Cal will also cover emergency care that requires hospitalization in Canada and Mexico if the service is approved and the doctor and hospital meet Medi-Cal rules. Medi-Cal does not cover emergency, urgent or any other services outside of the United States, except for Canada and Mexico.

If you move to a new county to attend college, you may still be able to get dental services, even if Health Net does not serve your new county, but you must notify Health Net plan. Or you may be able to get services through regular Medi-Cal Dental, also known as Fee-for-Service (FFS) Medi-Cal. This is called continuity of care. Health Net provides continuity of care services for college students if:

- It is an emergency

To learn more about continuity of care services, call 1-877-550-3868 (TTY 711).

### **Dentists who leave Health Net**

If your dentist stops working with Health Net, you may be able to keep getting services from that dentist. This is another form of continuity of care. Health Net provides continuity of care services for:

- Services that are not finished by the dentist before leaving Health Net
- Services that are not finished by an out-of-network dentist when you become active with Health Net

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

Health Net provides continuity of care services if the following terms are met:

- The services are covered under your dental plan
- The services are medically necessary
- The services meet our clinical guidelines
- You did not have access to a Health Net dental provider

Health Net does **not** provide continuity of care services if the following terms are met:

- The services are not covered under your dental plan
- The services are not medically necessary
- The services do not meet our clinical guidelines
- You did have access to a Health Net dental provider

To learn more about continuity of care services, call 1-877-550-3868 (TTY 711).

## Costs

### Member costs

Health Net serves people who qualify for Medi-Cal. In most cases, Health Net members do **not** have to pay for covered services, premiums, co-pays or deductibles. Covered services are dental services that Health Net is responsible to pay for. If you get a bill for any fees or copayments for a covered service, do not pay the bill. Call member services right away at 1-877-550-3868 (TTY 711). For a list of covered services, go to Chapter 4. Benefits and Services.

Except for emergency services or urgent care, you must get pre-approval from Health Net before you visit a dentist outside the Health Net network. If you do not get pre-approval and you go to a dentist outside of the network, you may have to pay for the dental care.

If you opt to receive dental services that are not covered services under this plan, a participating dental provider may charge you his or her usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered benefit, the dentist should give you a treatment plan that includes each expected service and the estimated cost of each service.

If you would like more information about dental coverage options, you may call member services at 1-877-550-3868 (TTY 711). To fully understand your coverage, you may wish to carefully review this evidence of coverage document.

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

## Asking Health Net to pay you back for expenses

If you get a bill for a covered service, call 1-877-550-3868 (TTY 711) right away. If you pay for a service that you think Health Net should cover, file a claim with us. Call 1-877-550-3868 (TTY 711) to ask for a claim form, or for help to file a claim. Use a claim form and tell us in writing why you had to pay.

If you paid for services you already received, you may qualify to be reimbursed (paid back) if you meet all of the following conditions:

- The service you received is a covered service that Health Net is responsible to pay for. Health Net will not pay you back for a service that is not covered.
- You received the covered service after you became eligible for Medi-Cal.
- You ask to be paid back within one year from the date you received the covered service.
- You provide proof that you paid for the covered service, such as a detailed receipt from the dental office.
- You received the covered service from a Medi-Cal dentist in the Health Net's network. You do not need to meet this condition if you received emergency services or another service that Medi-Cal allows out-of-network providers to perform without pre-approval.
- If the covered service normally requires pre-approval, you provide proof from the dentist that shows a medical need for the covered service.

If you do not meet one of the above conditions, Health Net will not pay you back. Health Net will tell you of its decision to reimburse you in a letter called a Notice of Action. If you meet all of the above conditions, the Medi-Cal enrolled dentist should pay you back for the full amount you paid. If the Medi-Cal dentist refuses to pay you back, Health Net will pay you back for the full amount you paid. Health Net must pay you back within 45 working days of receipt of your claim.

### For members with a share of cost

You may have to pay a portion of your dental care costs each month before benefits become effective. This is called your share of cost. The amount of your share of cost depends on your income and resources. For questions about share of cost, contact your local county human services office. Find your local office <https://www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx>.

## How a dentist gets paid

Health Net pays dentists in these ways:

- Capitation payments
  - Health Net pays some dentists a set amount of money every month for each Health Net member. This is called a capitation payment. Health Net and dentists work together to decide on the

# 3. How to get dental care

---

## Getting dental services

**PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW HOW AND WHERE YOU CAN GET DENTAL CARE.**

You can begin to get dental care services on your effective date of coverage. Always Keep your dental plan ID card and Medi-Cal BIC card with you. Never let anyone else use your ID card or BIC card. Dentists are also called dental providers.

New members must choose a primary care dentist (PCD) in our network. The Health Net network is a group of dentists who work with us. You must choose a PCD within 30 days from the time you become a member in Health Net. If you do not choose a PCD, we will choose one for you.

You may choose the same PCD or different PCDs for all family members in Health Net.

If you have a dentist you want to keep, or you want to find a new PCD, you can look in the dental Provider Directory. It has a list of all PCDs in our plan network. The dental Provider Directory has other information to help you choose. If you need a dental Provider Directory, call 1-877-550-3868 (TTY 711). You can also find the dental Provider Directory on our website at [www.hndental.com](http://www.hndental.com).

If you cannot get the care you need from a participating dental provider in our network, your PCD must ask Health Net for approval to send you to an out-of-network provider.

Read the rest of this chapter to learn more about PCDs, our dental Provider Directory and our dental provider network.

When you call for an appointment with your PCD, tell the person who answers the phone that you are a member of Health Net. Give your dental plan ID number.

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is tol free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

To get the most out of your dental visit:

- Bring your Medi-Cal benefits identification card (BIC)
- Bring your dental plan ID card
- Bring your valid California ID card or driver's license
- Know your Social Security Number
- Bring your list of medications
- Be ready to talk with your Primary Care Dentist (PCD) about any dental problems you've noticed for yourself or your children.

Be sure to call your PCD's office if you are going to be late or cannot go to your appointment.

### **Getting to your appointment**

If you don't have a way to get to and from your appointments for covered services, we can help arrange transportation for you. This service is called non-emergency medical transportation and is not for emergencies. This type of transportation is available for services and appointments that are not related to emergency services and may be available at no cost to you. Go to Chapter 4 (Benefits and Services) and review section Non-Emergency Medical Transportation.

### **Routine dental care**

Oral health is an important part of overall health and well-being. The Medi-Cal Dental program recommends that children begin seeing a dentist by their first tooth or their first birthday. Routine care is regular dental care. Health Net covers routine care from your PCD. Some services may be referred to dentists that are specialists, and some services may require pre-approval (prior authorization).

### **Initial Dental Health Appointment**

As a new member of Health Net, it is important for you to have a new patient appointment with your PCD. Your PCD will look at your oral condition and determine your dental needs. Your PCD information is available on your Health Net member dental ID card to schedule your appointment for an initial dental health appointment. If you need help scheduling an initial dental health appointment with your PCD, call Member Services at 1-877-550-3868 (TTY 711).

### **Care Coordination/Case Management**

Health Net's goal is to get you the right care, at the right time, from the right provider. You may qualify for Care Coordination/Case Management if you have a dental condition that requires extra support, or if you have a long term medical condition, illness, are pregnant, or homeless.

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

### How can Health Net better serve you and your oral health needs?

Health Net would like to know how to best meet your oral health needs. The Initial Health Assessment (IHA) Form allows Health Net to collect health information, establish your care needs and ensure enrollees receive proper dental care and coordination of services at no cost to you.

We would like you to complete the IHA from that is included in this Handbook and mail it back to us. You can also complete the IHA form online by visiting <https://www.healthnet.com/> or call Member Services Department at 1-877-550-3868 (TTY 711).

We ask all our new members to complete the OHRA form so we can determine what kind of assistance and care you may need.

### Initial Health Assessment (IHA)

Health Net recommends that, as a new member, you see your new PCD in the next 90 days for an initial health assessment (IHA). The purpose of the IHA is to help your PCD learn your health care history and needs. Your PCD may ask you some questions about your health history or may ask you to complete a questionnaire. Your PCD will also tell you about health education counseling and classes that may help you.

When you call to schedule your IHA, tell the person who answers the phone that you are a member of Health Net. Give your Health Net ID number. Take your BIC and your Health Net ID card to your appointment.

It is a good idea to take a list of your medications and questions with you to your visit. Be ready to talk with your PCD about your health care needs and concerns. Be sure to call your PCD's office if you are going to be late or cannot go to your appointment.

## Where to get dental care

### Dentists

You will choose a primary care dentist (PCD) from the Health Net dental Provider Directory. Your PCD must be a participating dentist. This means the dentist is in our network.

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is tol free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

To get a copy of our dental Provider Directory, call 1-877-550-3868 (TTY 711).

You will get most of your care from your PCD. Your PCD will give you most of your routine dental care. Your PCD will refer (send) you to specialists if you need them. You should also call if you want to check to be sure the PCD you want is taking new patients.

If you were seeing a dentist for certain conditions before you were a member of Health Net, you may be able to keep seeing that dentist. This is called continuity of care. You can read more about continuity of care [page 20] of this handbook. To learn more, call 1-877-550-3868 (TTY 711).

## Dental Provider Directory

The Health Net dental Provider Directory lists providers that participate in the Health Net network. The network is the group of providers that work with Health Net.

The Health Net dental Provider Directory lists dentists, specialist dentists, and clinics and Rural Health Clinics (RHCs).

The dental Provider Directory has names, provider addresses, phone numbers, business hours and languages spoken. It tells if the provider is taking new patients, the provider's cultural and linguistic capabilities (i.e., languages offered by the provider or language interpreters, including American Sign Language). It also gives the level of physical accessibility for the building, such as parking, ramps, stairs with handrails and accessible restrooms.

You can find the online dental Provider Directory at [www.hndental.com](http://www.hndental.com). If you need a printed Provider Directory, call 1-877-550-3868 (TTY 711).

## Dental provider network

The Health Net dental provider network is the group of dentists and specialty dentists that work with Health Net. You will get your covered services through our network.

### In network

You will use dentists in the Health Net network for your dental care needs. You will get preventive and routine care from your PCD. You will also use specialists and other providers in our network.

To get a dental Provider Directory of network providers, call 1-877-550-3868 (TTY 711). Or you can find our dental Provider Directory online at [www.hndental.com](http://www.hndental.com).

For medical emergency care, call **911** or go to the nearest emergency room.

### **Out of network**

Out-of-network providers are those that do not have an agreement to work with Health Net. Except for urgent or emergency care, you may have to pay for care from providers who are out of network. If you need covered dental care services, you may be able to get them out of network at no cost to you as long as they are medically necessary and not available in the network.

If you need help with out-of-network services, call 1-877-550-3868 (TTY 711).

## **Primary care dentist (PCD)**

New members must choose a PCD within 30 days of enrolling in Health Net. You may choose a general dentist as your PCD.

You can also choose a Federally Qualified Health Center (FQHC), community clinic, American Indian Health Clinic or other primary care facility that has dental services as your PCD if they are in the Health Net network and if you qualify for their services. These are centers that are located in areas that do not have many dental care services.

You can choose the same or different PCDs for everyone in your family who is a member of Health Net. If you do not choose a PCD within 30 days, a dentist who works with member care in Health Net will choose a PCD for you.

Your PCD will:

- Get to know your dental needs
- Keep your dental records
- Give you the preventive and routine dental care you need

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

- Refer (send) you to a specialist if you need one

You can look in the dental Provider Directory to find a PCD in the Health Net network. The dental Provider Directory has a list of FQHCs that work with Health Net.

You can find our dental Provider Directory online at [www.hndental.com](http://www.hndental.com). Or call 1-877-550-3868 (TTY 711). You can also call to find out if the PCD you want is taking new patients.

## Choice of Dentists

You know your dental care needs best, so it is best if you choose your PCD.

It is best to stay with one PCD so he or she can get to know your dental care needs. However, if you want to change to a new PCD, you can change one time each month. You must choose a PCD who is in the Health Net dental provider network and is taking new patients.

Your new choice will become your PCD on the first day of the next month after you make the change. To change your PCD, call 1-877-550-3868 (TTY 711).

We may ask you to change your PCD if the PCD is not taking new patients, has left our network, or does not give care to patients your age. Health Net or your PCD may also ask you to change to a new PCD if you cannot get along with or agree with your PCD, or if you miss or are late to appointments. If we need to change your PCD, we will tell you in writing.

If you change PCDs, you will get a new dental plan member ID card in the mail. It will have the name of your new PCD. Call Member Services if you have questions about getting a new ID card.

## Appointments and visits

When you need dental care:

- Call your PCD
- Have your Health Net ID number ready on the call
- Leave a message with your name and phone number if the office is closed
- Take your BIC and dental plan ID card to your appointment
- Bring an identification card or driver license

## Payment

You do **not** have to pay any deductibles or co-pays for covered services. You should not get a bill from a dentist. You may get an Explanation of Benefits (EOB) or a statement from a dentist. EOBs and statements are not bills.

If you do get a bill, call 1-877-550-3868 (TTY 711). Tell us the amount charged, the date of service and reason for the bill.

If you get a bill or are asked to pay a co-pay, you can also file a claim form. You will need to tell us in writing why you had to pay for the item or service. We will read your claim and decide if you can get money back. For questions or to ask for a claim form, call 1-877-550-3868 (TTY 711).

## Referrals

Your PCD will give you a referral to send you to a specialist if you need one. A specialist is a dentist who has extra education in one area of dentistry. Your PCD will work with you to choose a specialist. Your PCD's office can help you set up a time to see the specialist.

Your PCD may give you a form to take to the specialist dentist. The specialist dentist will fill out the form and send it back to your PCD. If you want a copy of our referral policy, call 1-877-550-3868 (TTY 711).

You do not need a referral for:

- PCD visits
- Urgent or emergency care

## Pre-approval

For some types of care, your PCD or specialist dentist will need to ask us before you get the care. This is called prior authorization or pre-approval. It means that Health Net agrees that the care is medically necessary.

Dental care is medically necessary if it is to prevent and eliminate orofacial disease, infection, and pain, to restore the form and function of the dentition, or to correct facial disfigurement or dysfunction. Dental services must meet Medi-Cal program rules for medical necessity.

These dental services need pre-approval, even if you receive them from a dental provider in the Health Net network:

- Root canals
- Crowns
- Full/partial dentures
- Deep cleanings (scaling and root planing)

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com)

- General anesthesia and IV sedation
- Other dental services your dentist recommends may also require approval

For some services, such as care from a specialist dentist, you need pre-approval if you get the care out of network. We will decide within 5 business days, for routine service, or 72 hours for urgent care.

We review the request to decide if the care is medically necessary and covered. We do **not** pay our reviewers to deny coverage or dental services. If we do not approve the care, we will tell you why.

Health Net will contact you if we need more information or more time to review your request.

### **Second opinions**

You might want a second opinion about care your PCD says you need, or about your diagnosis or treatment plan. For example, you may want a second opinion if you are not sure you need a prescribed treatment or surgery. To get a second opinion, call your PCD. Your PCD can refer you to a network provider for a second opinion. Or call 1-877-550-3868 (TTY 711).

We will pay for a second opinion if you or your network dentist asks for it and you get the second opinion from a network dentist. You do not need permission from us to get a second opinion if the dentist you choose for a second opinion is approved. If you have urgent request, we will decide within 72 hours. Call Member Services at 1-877-550-3868 (TTY 711).

If we deny your request for a second opinion, you may file a grievance. To learn more about grievances, go to section 7 in this handbook.

### **Timely Access to Care**

- Routine appointments (including preventive care) – 4 weeks
- Specialist appointments – 30 business days (ages 21+); 30 calendar days (under age 21)

## Postpartum Care Extension Program

The Postpartum Care Extension Program provides extended coverage for Medi-Cal members during pregnancy and after pregnancy. The program extends coverage by Health Net for up to 12 months after the end of the pregnancy regardless of income, citizenship, or immigration status and no additional action is needed.

Medically necessary services include covered services that are reasonable and necessary to:

- Protect life;
- Prevent significant illness or significant disability;
- Alleviate severe pain;
- Achieve age-appropriate growth and development;  
and
- Attain, maintain and regain functional capacity.

For members under age 21, medically necessary services include all covered services identified above, and any other necessary services, treatment or other measures to correct or ameliorate defects and physical and mental illnesses and conditions, as required by the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition or to maintain the member's condition to keep it from getting worse.

EPSDT provides a broad range of prevention, diagnostic, and treatment services for low-income infants, children and adolescents under age 21. The EPSDT benefit is more robust than the benefit for adults and is designed to assure that children receive early detection and care so that health problems are averted or diagnosed and treated as early as possible. The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care at the right time in the right setting.

Teledentistry is a way of getting services without being in the same physical location as your dentist. Teledentistry may involve having a live conversation with your provider, or may involve sharing information with your dentist without a live conversation. It is important that both you and your dentist agree that the use of teledentistry for a particular service is appropriate for you. You can contact your dentist to learn which types of services may be available through teledentistry.

### **Non-Emergency Medical Transportation**

You are entitled to use Non-Emergency Medical Transportation (NEMT) when you physically or medically are not able to get to your medical appointment by car, bus, train, or taxi, and the plan pays for your dental condition.

## **California Children's Services (CCS)**

CCS is a state program that treats children under 21 years of age with certain health conditions, diseases or chronic health problems and who meet the CCS program rules. If Health Net or your PCP believes your child has a CCS condition, he or she will be referred to the CCS program.

CCS program staff will decide if your child qualifies for CCS services. If your child can get these types of care, CCS providers will treat him or her for the CCS condition. Health Net will continue to cover types of service that do not have to do with the CCS condition such as physicals, vaccines and well-child checkups.

Health Net does not cover care given by the CCS program. For CCS to cover these problems, CCS must approve the provider, services and equipment. CCS does not cover all problems. CCS covers most problems that physically disable or that need to be treated with medicines, surgery or rehabilitation (rehab). CCS covers children with problems such as:

- Congenital heart disease

As required by law, this notice is about your rights, our legal duties and privacy practices with respect to the privacy of Personal Health Information (PHI). This notice also talks about the way we may collect, use and disclose your PHI. We must follow the orders of the notice currently in effect. We keep the right to make changes to this notice from time to time and to make the changed notice effective for all PHI we keep. You can find our most current privacy notice on our website at [www.hndental.com](http://www.hndental.com)

## Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this handbook. The main laws that apply to this handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

---

## Notice about Medi-Cal as a payer of last resort

Sometimes someone else has to pay first for the services Health Net provided to you. For example, if you already have insurance from your employer. The California Department of Health Care Services has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer.

The Medi-Cal program complies with state and federal laws and regulations relating to the legal liability of third parties for health care services to its members. We will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

# 7. Reporting and solving problems

There are two kinds of problems that you may have with your dental plan:

- A **complaint** (or **grievance**) is when you have a problem with Health Net, or a provider, or with the dental care or treatment you got from a provider
- An **appeal** is when you don't agree with Health Net's decision not to cover services

You should use the Health Net grievance and appeal process first to let us know about your problem. This does not take away any of your legal rights and remedies. We will also not discriminate or retaliate against you for complaining to us. Letting us know about your problem will help us improve care for all members.

If your grievance is not solved, you may file a complaint with the California Department of Managed Health Care (DMHC). If you disagree with the result of your appeal, you can request a State Fair Hearing. You must complete Health Net's internal appeal process **before** you can request a State Fair Hearing.

You may also ask for an Independent Medical Review (IMR) from DMHC. The IMR is an impartial review of a dental plan's decision. The IMR decides medical necessity, coverage, and payment disputes for urgent or emergency services. You must apply for an IMR within 6 months after Health Net sent you a written decision about your appeal.

If you ask for a State Hearing first (see below for more about appeals and State Hearings), you **cannot** ask for an Independent Medical Review (IMR). But if you ask for an IMR first and are not satisfied with the result, you can ask for a State Hearing. You can get help from the California Department of Managed Health Care.

Call member services at 1-877-550-3868 (TTY/TDD 711). Health Net is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at [www.hndental.com](http://www.hndental.com).

## 47 | Reporting and solving problems

“The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-877-550-3868 (TTY 711)** and use your health plan’s grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. The department’s Internet Website <https://www.dmhca.gov> complaint forms, IMR application forms and instructions online.”

The California Department of Health Care Services (DHCS) Medi-Cal Managed Care Ombudsman can also help. You can call the Ombudsman at **1-888-452-8609**, Monday through Friday from 8:00 a.m. to 5:00 p.m.
