

## **Health Net Cal MediConnect Plan (Medicare-Medicaid Plan) 2021 *List of Covered Drugs* (Formulary)**

### **Introduction**

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Health Net Cal MediConnect. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Health Net Cal MediConnect. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the Drug List are the drugs covered by Health Net Cal MediConnect. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Health Net Cal MediConnect will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at a Health Net Cal MediConnect network pharmacy.
- In some cases, you have to do something before you can get a drug (see question B4 below).

You can also see an up-to-date list of drugs that we cover on our website at [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com) or call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711).

---

### B2. Does the Drug List ever change?

Yes, and Health Net Cal MediConnect must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Health Net Cal MediConnect before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, see question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Health Net Cal MediConnect's up to date Drug List online at [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).
- You can also call Member Services to check the current Drug List at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711).

---

### **B3. What happens when there is a change to the Drug List?**

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same or will be lower. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

market, we will take it off the Drug List. If you are taking the drug, we will let you know. If you have questions about a drug taken off the market, you should talk to your doctor or other prescriber.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, see question B10.

---

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Health Net Cal MediConnect before you fill your prescription. Health Net Cal MediConnect may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Health Net Cal MediConnect limits the amount of a drug you can get.
- **Step therapy:** Sometimes Health Net Cal MediConnect requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

---

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1 - Index 1. You can also get more information by visiting our website at [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see questions B10-B12 for more information about exceptions.

---

### **B5. How will you know if the drug you want has limits or if there are required actions to take to get the drug?**

The *List of Covered Drugs* on page 1 has a column labeled “Necessary actions, restrictions, or limits on use.”

---

### **B6. What happens if we change our rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. See question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

---

### **B7. How can you find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it on page Index 1.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page 1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **CARDIOVASCULAR AGENTS - MISC. - Drugs to Treat Heart and Circulation Conditions**. That is where you will find drugs that treat heart conditions.

---

### **B8. What if the drug you want to take is not on the Drug List?**

If you don’t see your drug on the Drug List, call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711) and ask about it. If you learn that Health Net Cal MediConnect will not cover the drug, you can do one of these things:

---

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please see questions B10-B12 for more information about exceptions.

---

### **B9. What if you are a new Health Net Cal MediConnect member and can't find your drug on the Drug List or have a problem getting your drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Health Net Cal MediConnect. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Health Net Cal MediConnect, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Health Net Cal MediConnect member.
- This is in addition to the temporary supply during the first 90 days you are a member of Health Net Cal MediConnect.

### **Level of Care Changes**

If your level of care changes, we will cover a temporary supply of your drugs. A level of care change happens when you are released from a hospital. It also happens when you move to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a temporary supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.

---

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

- If you move from home or a hospital to a long-term care facility and need a temporary supply, we will cover one 31-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 31-day supply.

---

### **B10. Can you ask for an exception to cover your drug?**

Yes. You can ask Health Net Cal MediConnect to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Health Net Cal MediConnect may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

---

### **B11. How can you ask for an exception?**

To ask for an exception, call Member Services. Member Services will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

---

### **B12. How long does it take to get an exception?**

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

### **B13. What are generic drugs?**

Generic drugs are made up of the same ingredients as brand name drugs. They usually cost less than the brand name drug and their names are less commonly known. Generic drugs are approved by the Food and Drug Administration (FDA).

Health Net Cal MediConnect covers both brand name drugs and generic drugs.

---

### **B14. What are OTC drugs?**

OTC stands for "over-the-counter." Health Net Cal MediConnect covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Health Net Cal MediConnect Drug List to see what OTC drugs are covered.

---

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

---

### **B15. Does Health Net Cal MediConnect cover non-drug OTC products?**

Health Net Cal MediConnect covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include LATEX CONDOMS or POCKET PEAK FLOW METER DEVI.

You can read the Health Net Cal MediConnect Drug List to see what non-drug OTC products are covered.

---

### **B16. What is your copay?**

You can read the Health Net Cal MediConnect Drug List to learn about the copay for each drug. Health Net Cal MediConnect members living in nursing homes or other long-term care facilities will have no copays. Some members getting long-term care in the community will also have no copays.

Copays are listed by tiers. Tiers are groups of drugs with the same copay.

- Tier 1 drugs have a low copay. They are generic drugs. The copay is from \$0.00 to \$3.70. This depends on your level of income.
- Tier 2 drugs have a higher copay. They are brand name drugs. The copay is from \$0.00 to \$9.20. This depends on your level of income.
- Tier 3 drugs have a \$0.00 copay. They are prescription and OTC drugs that Medi-Cal covers.

## C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Health Net Cal MediConnect. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page Index 1. The Index alphabetically lists all drugs covered by Health Net Cal MediConnect.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., ELIQUIS TABS) and generic drugs are listed in lower-case italics (e.g., *warfarin sodium tabs*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if Health Net Cal MediConnect has any rules for covering your drug.

**Note:** The NT next to a drug means the drug is not a “Part D drug.” You will not be required to pay a copay for these drugs. These drugs also have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711). You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

### C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, CARDIOVASCULAR AGENTS - MISC. - Drugs to Treat Heart and Circulation Conditions. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the Drug List:

Abbreviation	What this means	How it works
AL	Age Limit	This drug may need prior authorization if your age does not meet drug maker, FDA or clinical guidelines.
B/D	Medicare Part B vs. Part D	This drug may need prior authorization to decide if it should be covered under Medicare Part B or Part D. This is a Medicare rule. Your doctor or other prescriber may need to give more facts to help us make this decision.
LA	Limited Access	This prescription may be available only at certain pharmacies. For more information consult your <i>Provider and Pharmacy Directory</i> or call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day.
MO	Mail Order	This drug is available at our mail order pharmacy in addition to other network pharmacies.
NT	Not Part D	This drug is not a “Part D drug.”
PA	Prior Authorization	This drug requires prior authorization. This means that you or your doctor must get approval from us before you fill your prescription. If you don’t get approval, we may not cover the drug.
QL	Quantity Limit	This drug has a limit on the amount that our plan will cover.
RX/OTC	Prescription and Over-the-Counter (OTC)	This drug is made in both prescription form and OTC form.
SL	Safety Limit	This drug has a maximum daily dose limit for safety supported by the FDA. This means that we will not cover more than the maximum daily dose. For example, the FDA maximum daily dose of <i>ibuprofen</i> is 3200 mg. Therefore, we will only cover four tablets per day for <i>ibuprofen 800 mg</i> .
ST	Step Therapy	This drug requires step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn’t work for you, then we will cover the second.
^	Non-Extended Day Supply	This prescription drug may not be available for an extended day supply. Call Member Services to ask if the drug is available as an extended supply.

**If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message.
