D2. Changes to prescription drug coverage

Changes to our Drug List

An updated *List of Covered Drugs* is located on our website at mmp.healthnetcalifornia.com/formulary. You may also call Member Services at 1-855-464-3572 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday for updated drug information or to ask us to mail you a *List of Covered Drugs*.

The *List of Covered Drugs* is also called the “Drug List.”

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs.

Review the Drug List to **make sure your drugs will be covered next year** and to find out if there will be any restrictions.

If you are affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
 - You can call Member Services at 1-855-464-3572 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday to ask for a list of covered drugs that treat the same condition.
 - This list can help your provider find a covered drug that might work for you.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3572 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free.

For more information, visit mmp.healthnetcalifornia.com.

- Ask the plan to cover a temporary supply of the drug.
 - In some situations, we will cover a **temporary** supply of the drug during the first 90 days of the calendar year.
 - This temporary supply will be for up to 30 days of medication at a retail pharmacy and at a long-term care pharmacy, up to 31 days. (To learn more about when you can get a temporary supply and how to ask for one, refer to Chapter 5 of the *Member Handbook*.)
 - When you get a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug. To learn what you must do to ask for an exception, refer to Chapter 9, section F of the 2022 Member Handbook or call Member Services.
 - If you have been in the plan for more than 90 days and live in a long-term care facility, we will cover a one-time 31-day supply, or less if your prescription is written for fewer days. This is in addition to the long-term care transition supply.
 - If you are moving from a long-term care facility or a hospital stay to home, we will cover one 30-day supply, or less if your prescription is written for fewer days (in which case we will allow multiple fills to provide up to a total of a 30-day supply of medication).
 - If you are moving from home or a hospital stay to a long-term care facility, we will cover one 31-day supply, or less if your prescription is written for fewer days (in which case we will allow multiple fills to provide up to a total of a 31-day supply of medication). You must fill the prescription at a network pharmacy.

Some Drug List exceptions will still be covered next year. You will be informed of these exceptions in an approval letter we will send you. The approval letter includes more information about your specific drug exception(s), and the expiration date of your exception request. To learn what you must do to ask for an exception, refer to Chapter 9, section F of the 2022 Member Handbook or call Member Services.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3572 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit mmp.healthnetcalifornia.com.

Changes to prescription drug costs

There are two payment stages for your Medicare Part D prescription drug coverage under Health Net Cal MediConnect. How much you pay depends on which stage you are in when you get a prescription filled or refilled. These are the two stages:

| Stage 1 Initial Coverage Stage | Stage 2 Catastrophic Coverage Stage |
|---|---|
| <p>During this stage, the plan pays part of the costs of your drugs, and you pay your share. Your share is called the copay.</p> <p>You begin this stage when you fill your first prescription of the year.</p> | <p>During this stage, the plan pays all of the costs of your drugs through December 31, 2022.</p> <p>You begin this stage when you have paid a certain amount of out-of-pocket costs.</p> |

The Initial Coverage Stage ends when your total out-of-pocket costs for prescription drugs reaches **\$7,050**. At that point, the Catastrophic Coverage Stage begins. The plan covers all your drug costs from then until the end of the year. Refer to Chapter 6 of your *Member Handbook* for more information on how much you will pay for prescription drugs.

D3. Stage 1: “Initial Coverage Stage”

During the Initial Coverage Stage, the plan pays a share of the cost of your covered prescription drugs, and you pay your share. Your share is called the copay. The copay depends on what cost-sharing tier the drug is in and where you get it. You will pay a copay each time you fill a prescription. If your covered drug costs less than the copay, you will pay the lower price.

We moved some of the drugs on the Drug List to a lower or higher drug tier. If your drugs move from tier to tier, this could affect your copay. To find out if your drugs will be in a different tier, look them up in the Drug List.

The following table shows your costs for drugs in each of our 3 drug tiers. These amounts apply **only** during the time when you are in the Initial Coverage Stage.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3572 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free.
