Earn incentives in 2022 when you improve Enhanced Care Management (ECM) outreach and reporting.

Dear <Title>. <Last Name> or Administrator:

Health Net*, on behalf of CalViva Health, is implementing an incentive program for ECM providers. The ECM Provider Incentive (EPI) recognizes and rewards ECM providers who demonstrate effective and timely outreach, and report regularly on members enrolled into the program and on the completion of member assessments.

The incentive program conditions and data requirements are subject to change at the Health Plan's discretion as the ECM benefit and program matures.

Payments earned from EPI are separate from other contractual arrangements

Payments earned from EPI are not tied to:

- Any direct *Provider Participation Agreement (PPA)* with Health Net, or
- Your agreement as a subcontractor with a participating physician group (PPG) or medical group.

EPI will continue to align with state requirements around the ECM benefit and program. The program will incentivize based on year-over-year improvement in outreach to, and management of, ECM-eligible members and not individual services rendered.

The incentives are offered as add-on payments to Health Net's Medi-Cal ECM providers who meet the participation rules included on the following page.

Questions?

If you have questions about the program, please contact your assigned Health Plan representative or call Provider Services at 888-893-1569.

Sincerely,

Martha Santana-Chin
Medi-Cal Program Officer
