◆ Some network pharmacies may not be listed in this Directory.

– Some network pharmacies may have been added or removed from our plan after this Directory was published.

# Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program. The pharmacy must get your approval before shipping any drugs to you.

Typically, you should expect to get your prescription drugs within 10 days from the time that the mail order pharmacy gets the order. Mail-order pharmacies are required to get your approval before shipping or delivering any prescriptions that you did not ask for. If you do not get your prescription drug(s) within this time, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. To learn more about mail order pharmacies, see Chapter 5 of the *Member Handbook*.
