Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the “Drug List” for short.)

The drugs on the Drug List are the drugs covered by Health Net Cal MediConnect. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Health Net Cal MediConnect will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy, **and**
- you fill the prescription at a Health Net Cal MediConnect network pharmacy.

In some cases, you have to do something before you can get a drug (see question #5 below).

You can also see an up-to-date list of drugs that we cover on our website at www.healthnet.com/calmediconnect or call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free.

2. Does the Drug List ever change?

Yes. Health Net Cal MediConnect may add or remove drugs on the Drug List during the year. Generally, the Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (*Prior approval* is permission from Health Net Cal MediConnect before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).
- Add or change step therapy restrictions on a drug. (*Step therapy* means you must try one drug before we will cover another drug.)

(For more information on these drug rules, see page iv.)

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

We will tell you when a drug you are taking is removed from the Drug List. We will also tell you when we change our rules for covering a drug. Questions 3, 4, and 7 below have more information on what happens when the Drug List changes.

→ You can always check Health Net Cal MediConnect's up to date Drug List online at www.healthnet.com/calmediconnect. You can also call Member Services to check the current Drug List at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free.

3. What happens when a cheaper drug comes along that works as well as a drug on the Drug List now?

If you are taking a drug that is removed because a cheaper drug that works just as well comes along, we will tell you. We will tell you at least 60 days before we remove it from the Drug List **or** when you ask for a refill. Then you can get a 60-day supply of the drug before the drug is removed from the drug list. We will send you a letter that tells you about this change. We will also put these types of changes on our website at www.healthnet.com/calmediconnect.

4. What happens when we find out a drug is not safe?

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Drug List right away. We will also send you a letter telling you that. If you get one of these letters, please call your doctor to talk about other drug options.

5. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Health Net Cal MediConnect before you fill your prescription. If you don't get approval, Health Net Cal MediConnect may not cover the drug.
- **Quantity limits:** Sometimes Health Net Cal MediConnect limits the amount of a drug you can get.
- **Step therapy:** Sometimes Health Net Cal MediConnect requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1 - Index 1. You can also get more information by visiting our web site at www.healthnet.com/calmediconnect. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an "exception" from these limits. Please see Question 11 for more information on exceptions.

- ➔ If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List, or if you cannot easily get the drug you need, we can help. We will cover a 31-day emergency supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Health Net Cal MediConnect member. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see Question 11 for more information about exceptions.

6. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The List of Covered Drugs on page 1 has a column labeled "Necessary actions, restrictions, or limits on use."

7. What happens if we change our rules on how we cover some of the drugs? For example, if we add prior authorization (approval), quantity limits, and/or step therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you at least 60 days before the restriction is added or when you next ask your pharmacy for a refill. Then, you can get a 60-day supply of the drug before the change to the coverage rules is made. This gives you time to talk to your doctor or other prescriber about what to do next.

8. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by medical condition.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

To search **alphabetically**, go to the Alphabetical Listing section. You can find it in the Index that begins on page Index 1.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page 1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **CARDIOVASCULAR AGENTS - MISC. - Drugs to Treat Heart and Circulation Conditions**. That is where you will find drugs that treat heart conditions.

9. What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m., and ask about it. If you learn that Health Net Cal MediConnect will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

10. What if you are a new Health Net Cal MediConnect member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Health Net Cal MediConnect. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Health Net Cal MediConnect, **or**
- you are taking a drug that is part of a step therapy restriction.

If you live in a nursing home or other long-term care facility, you may refill your prescription for as long as 98 days. You may refill the drug multiple times during your first 90 days in the plan. This gives your prescriber time to change your drugs to those on the Drug List or ask for an exception.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

Level of Care Changes

If your level of care changes, we will cover a transition supply of your drugs. A level of care change happens when you are released from a hospital. It also happens when you move to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a transition supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.
- If you move from home or a hospital to a long-term care facility and need a transition supply, we will cover one 31-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 31-day supply.

11. Can you ask for an exception to cover your drug?

Yes. You can ask Health Net Cal MediConnect to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Health Net Cal MediConnect may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

13. How can you ask for an exception?

To ask for an exception, call Member Services. Member Services will work with you and your provider to help you ask for an exception.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

14. What are generic drugs?

Generic drugs are made up of the same ingredients as brand name drugs. They usually cost less than the brand name drug and their names are less commonly known. Generic drugs are approved by the Food and Drug Administration (FDA).

Health Net Cal MediConnect covers both brand name drugs and generic drugs.

15. What are OTC drugs?

OTC stands for “over-the-counter”. Health Net Cal MediConnect covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Health Net Cal MediConnect Drug List to see what OTC drugs are covered.

16. Does Health Net Cal MediConnect cover OTC non-drug products?

Health Net Cal MediConnect covers some OTC non-drug products when they are written as prescriptions by your provider.

You can read the Health Net Cal MediConnect Drug List to see what OTC non-drug products are covered.

17. What is your copay?

You can read the Health Net Cal MediConnect Drug List to learn about the copay for each drug.

Health Net Cal MediConnect members living in nursing homes or other long-term care facilities will have no copays. Some members getting long-term care in the community will also have no copays.

Copays are listed by tiers. Tiers are groups of drugs with the same copay.

- Tier 1 drugs have a low copay. They are generic drugs. The copay is from \$0.00 to \$3.35. This depends on your level of income.
 - Tier 2 drugs have a higher copay. They are brand name drugs. The copay is from \$0.00 to \$8.35. This depends on your level of income.
 - Tier 3 drugs have a \$0.00 copay. They are prescription and OTC drugs that Medi-Cal covers.
-

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

List of Covered Drugs

The list of covered drugs that begins on page 1 gives you information about the drugs covered by Health Net Cal MediConnect. If you have trouble finding your drug in the list, turn to the Index that begins on page Index 1.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., ELIQUIS TABS) and generic drugs are listed in lower-case italics (e.g., *warfarin sodium tabs*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if Health Net Cal MediConnect has any rules for covering your drug. Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

Abbreviation	What this means	How it works
AL	Age Limit	This drug may need prior authorization if your age does not meet drug maker, FDA or clinical guidelines.
B/D	Medicare Part B vs. Part D	This drug may need prior authorization to decide if it should be covered under Medicare Part B or Part D. This is a Medicare rule. Your doctor or other prescriber may need to give more facts to help us make this decision.
LA	Limited Access	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free.
MO	Mail Order	This drug is available for up to a 90-day supply at a mail order pharmacy in addition to certain other network pharmacies. Consider getting a 90-day supply of your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit www.healthnet.com/calmediconnect.

Abbreviation	What this means	How it works
NF	Not Covered	This drug is not covered on the Drug List. You can ask for an exception for the drug to be covered.
NT	Not Part D	This drug is not a “Part D drug.” You will not be required to pay a copay for these drugs.
PA	Prior Authorization	This drug requires prior authorization. This means that you or your doctor must get approval from us before you fill your prescription. If you don’t get approval, we may not cover the drug.
QL	Quantity Limit	This drug has a limit on the amount that our plan will cover.
RX/OTC	Prescription and Over-the-Counter (OTC)	This drug is made in both prescription form and OTC form.
SL	Safety Limit	This drug has a maximum daily dose limit for safety supported by the FDA. This means that we will not cover more than the maximum daily dose. For example, the FDA maximum daily dose of <i>ibuprofen</i> is 3200 mg. Therefore, we will only cover four tablets per day for <i>ibuprofen 800 mg</i> .
ST	Step Therapy	This drug requires step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn’t work for you, then we will cover the second.

Note: The NT next to a drug means the drug is not a “Part D drug.” You will not be required to pay a copay for these drugs. These drugs also have different rules for appeals. An *appeal* is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal. If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Member Services at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. You can also read the Member Handbook to learn how to appeal a decision.

If you have questions, please call Health Net Cal MediConnect at 1-855-464-3571 for Los Angeles County or 1-855-464-3572 for San Diego County (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. After hours, on weekends and on holidays, you can leave a message.
